# Our accommodation

Our accommodation, Can Savella, takes its name from the street where it is located: Carrer Can Savella, a small street in the historic old town of Palma, integrated into the medieval urban layout of the city. These are streets designed to be explored slowly, to experience the neighborhood and discover Palma from the inside, away from the most touristic pace but very close to its true essence.

The accommodation is located at number 17 and forms part of a historic environment that today coexists with the daily life of Palma's city center. In this context, Can Savella was born: a "turismo de interior" property managed by a local company, with a philosophy of hospitality based on closeness, care, and personal attention.

Our aim is for you to feel welcomed from the very first moment, comfortable, and supported throughout your stay. Although Can Savella does not have a physical reception, there is always a team behind the scenes available to assist you whenever you need.

We believe that a great stay does not depend only on the space, but also on the peace of mind of knowing that you can count on us. That is why we encourage you to contact us with any questions, needs, or recommendations—we will be delighted to help you enjoy Palma calmly and confidently.

*Welcome to Can Savella.*

*We hope this accommodation becomes your starting point to discover the city... and also your place to return to.*
